Parent/Guardian Input for Consideration Regarding Student Placement

Child's Name: _____

Grade in 2019/20: _____

Parent/Guardian Name/s:_____

Please share any information that you wish us to consider in regard to your child's social/ emotional/academic needs.
*Please do not request certain teachers; rather, describe your child's learning style and the classroom environment that you believe will be most conducive to his/her learning.
*Please ensure that any comments about other students are expressed in a respectful manner.

Please Note:
*We value your input; at the same time, it is important to understand that staff members often have specific (social-emotional or academic) reasons for student placement that may be different than parents have requested/suggested.
*Even slight changes in circumstances can lead to the need for significant changes in school organization, teacher assignments and class lists. Therefore, student placements must be kept tentative and remain confidential until numbers can be confirmed after school opens in September.
